YOU HAD TO BE THERE

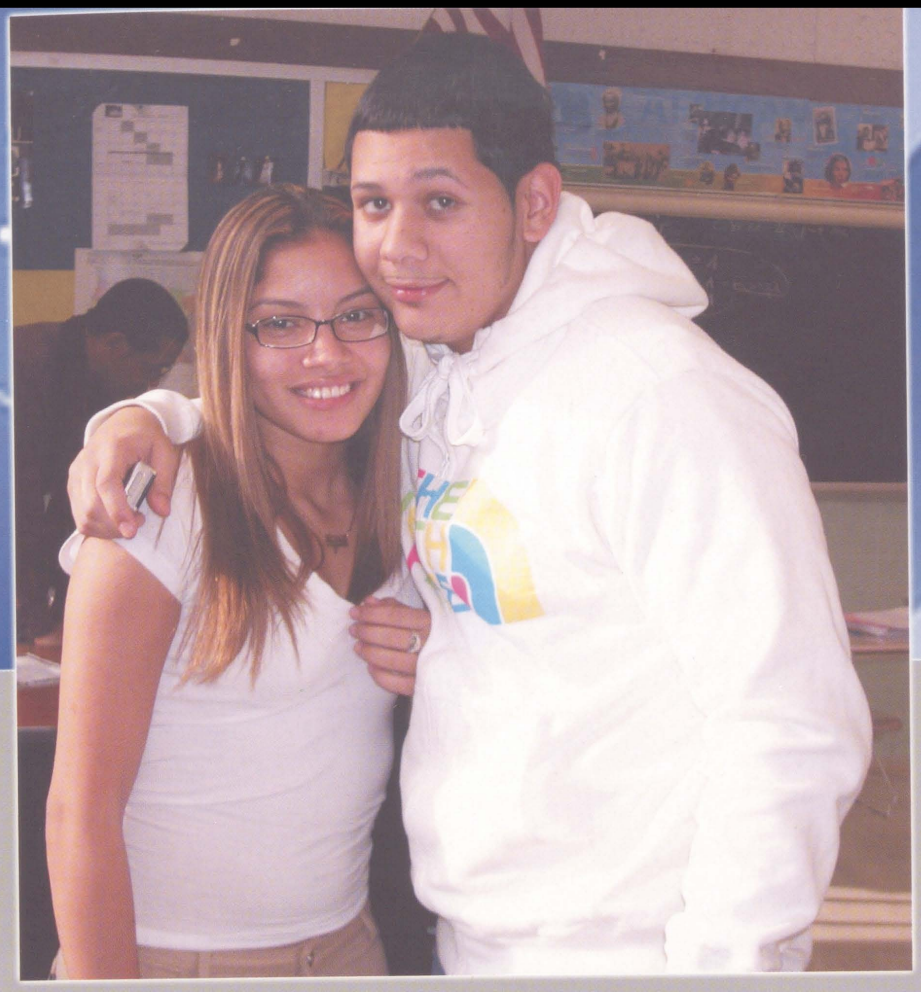

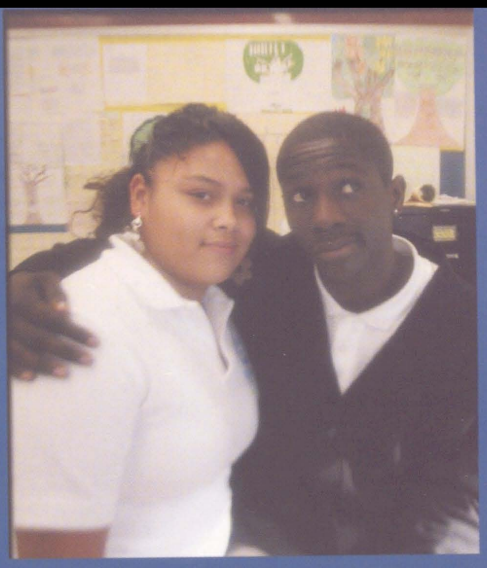

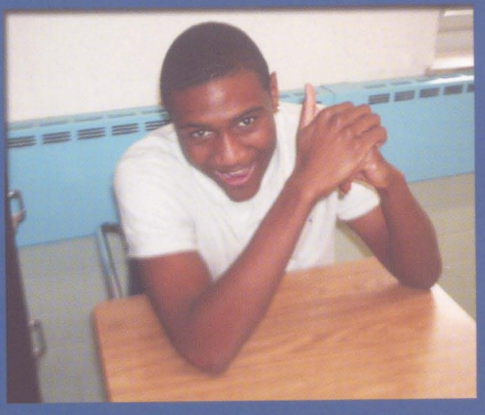

Barringer High School has been home away from home for students many years, but every year there is one class who has to bid their farewells. Class of 2010, it is our turn now. We have had many experiences in the halls and classrooms, both positive and negative. Everything that has happened here at Barringer has occurred for a reason and we all will reflect on and remember these occasions for many years to come. When we meet at our 10 year reunion we will reminisce about the many changes that we have seen over the ten years we are apart. But we will also recall the many good times we had at Barringer.

As Freshmen, we were the first class to step into Barringer Ninth Grade Succuss Academy when it reopened. In that building, we all came closer together as a class. There were many great times spent there, and we all agree that every class after us will try to be as great as we are. We have marked our territory for others to always remember us by.

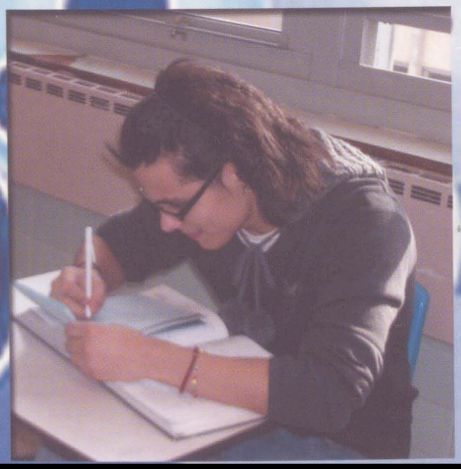

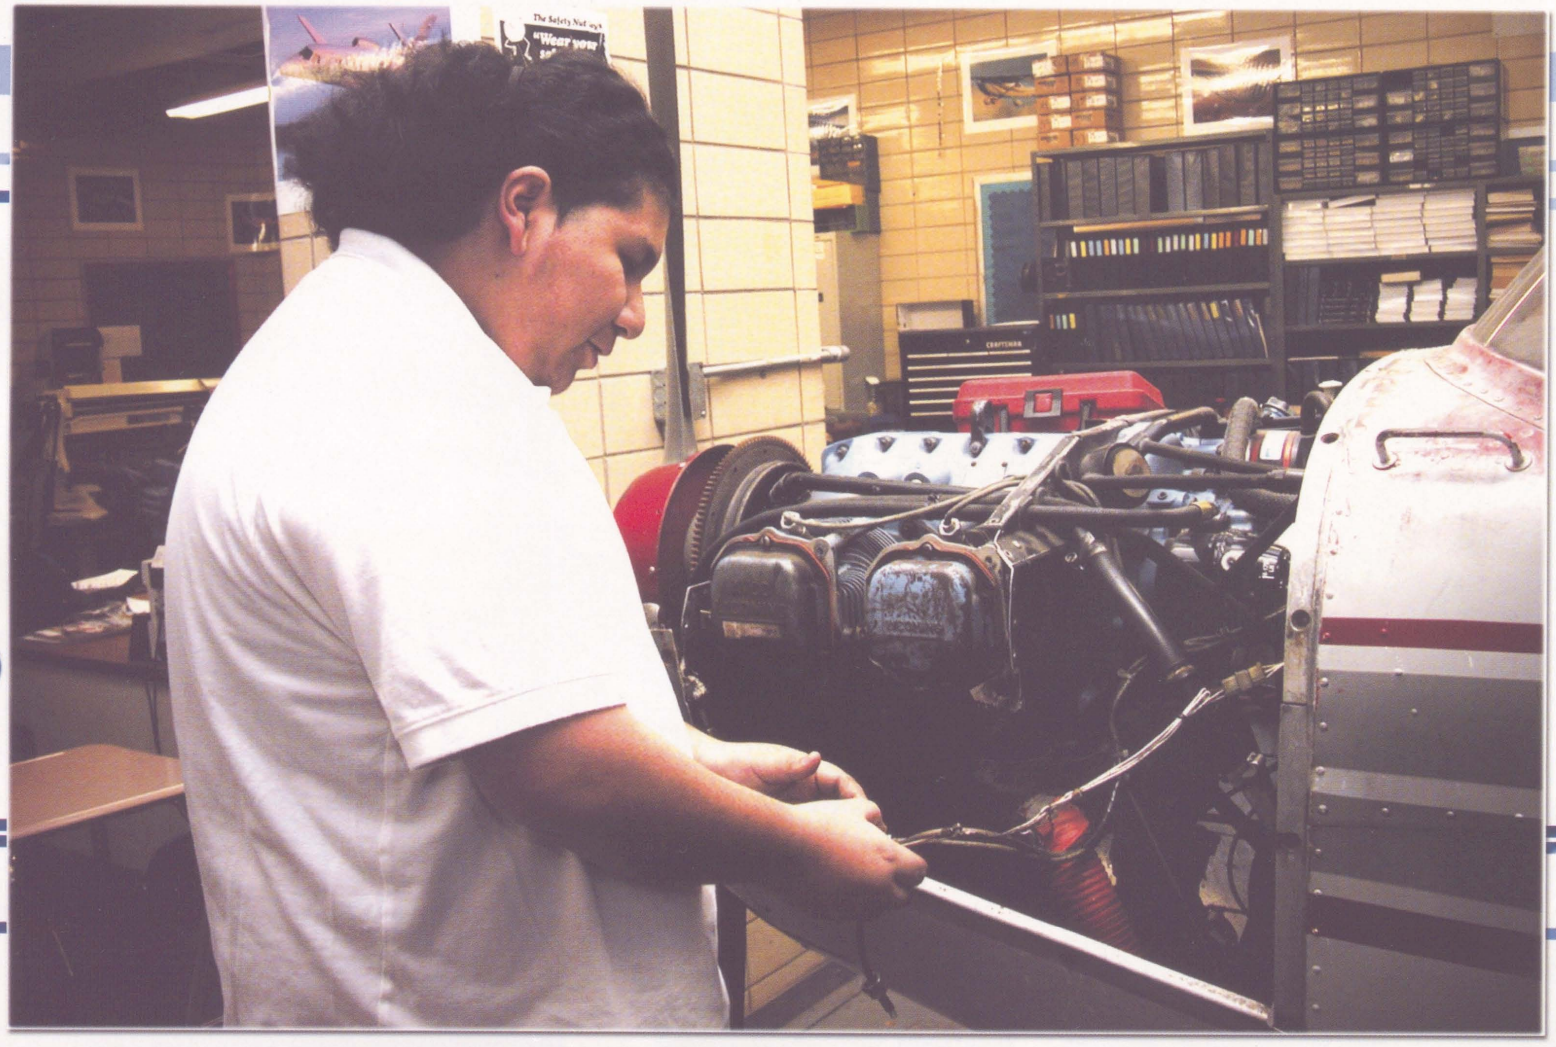

MOTIVATION
EXCELLENCE
STYLE

A year later we joined the upper classmen at Barringer High School, and we showed them who we are. As sophomores stepping onto new grounds, we made ourselves known. The class of 2010 showed everybody how smart, outgoing, and friendly we are as a whole. That year was also a troubled one for many. The student body seemed to have lost its Blue Bear Pride. This was seen in the lack of participation in extra curricular activities.

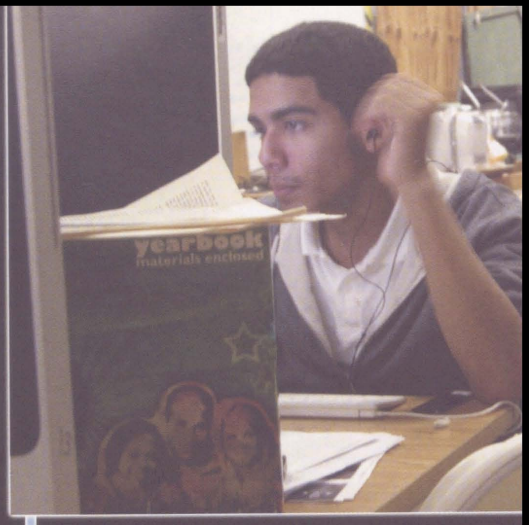

Then came Junior year; the year of testing as many like to call it. It's also the year that Barringer High School was presented with our new principal, Dr. Jose Aviles. He opened our eyes to what school pride was all about. He stimulated Sprit Weeks and exciting Pep Rallies that will akways hold a spot in our memories. Dr. Aviles showed us how a leader should be, and how he is, "Here to serve you." Our school pride has been resurrected.

We then hit home plate. It was our senior year and we finally made it through all the ups and downs of the past four years. We were at the top of a very high mountain. It took a lot of hard work for us to become seniors, but we made it possible through hard work and determination. We were the class that everyone looked up to and expected great things from. And now we are the class others will try to top.

DETERMINATION

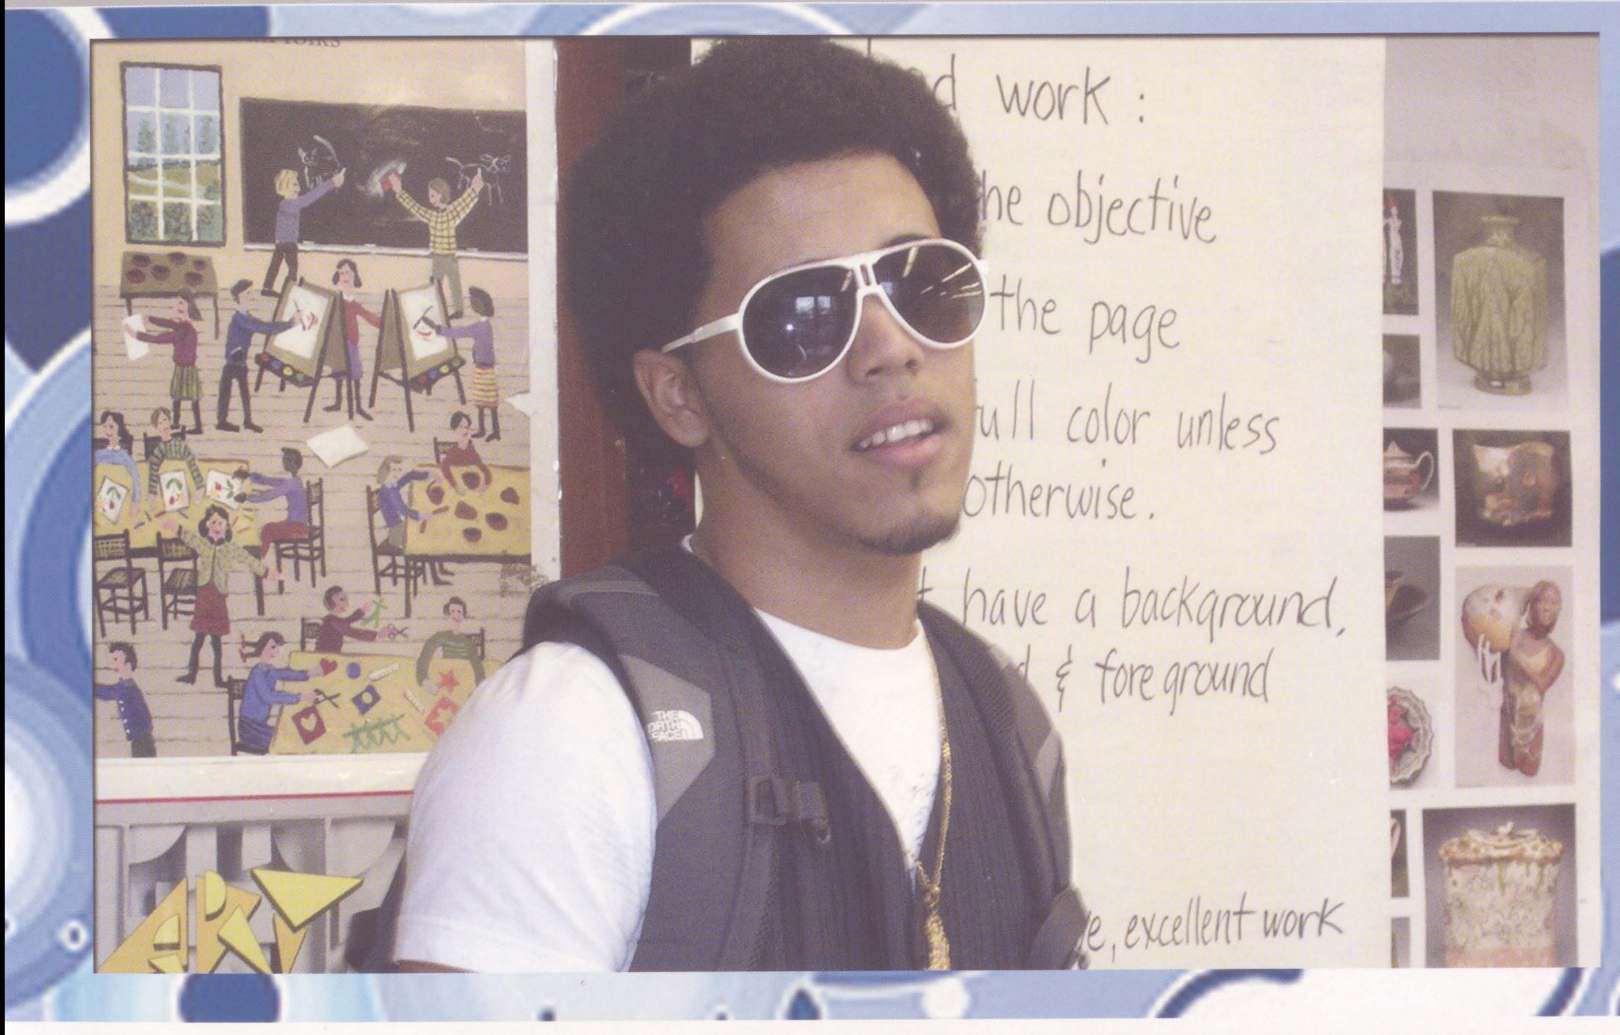

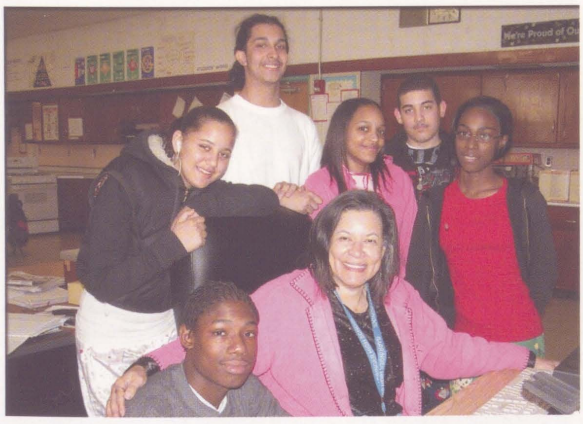

Now that we have left, we realize that the class of 2010 is like a family. While we helped each other in the classroom and hallways, we need to give accolades to the other part of our family: our teachers and parents. Thanks to our teacher's encouragement we were able to reach our potential in our subject matter. And without our parents support we would never have achieved our goal of graduation.We would never have left our home away from home.

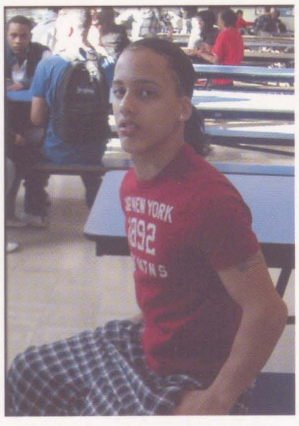

CLASS OF 2010

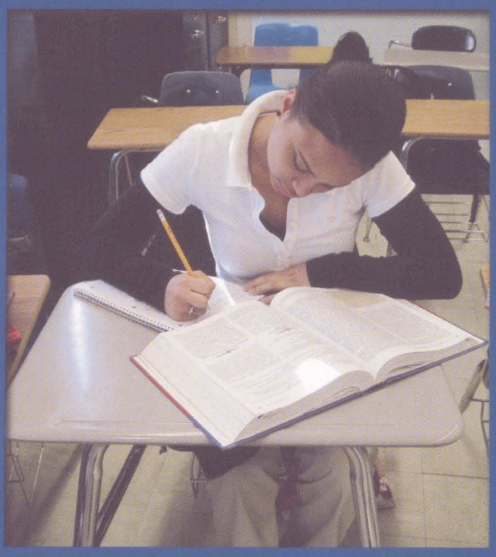

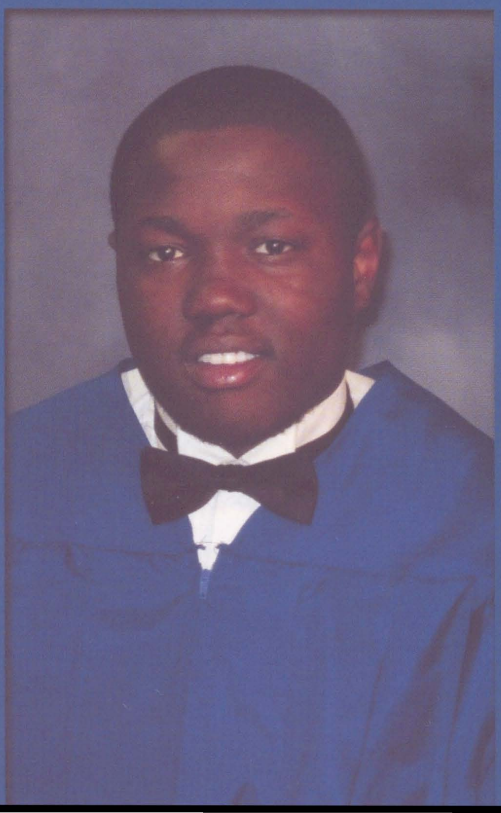

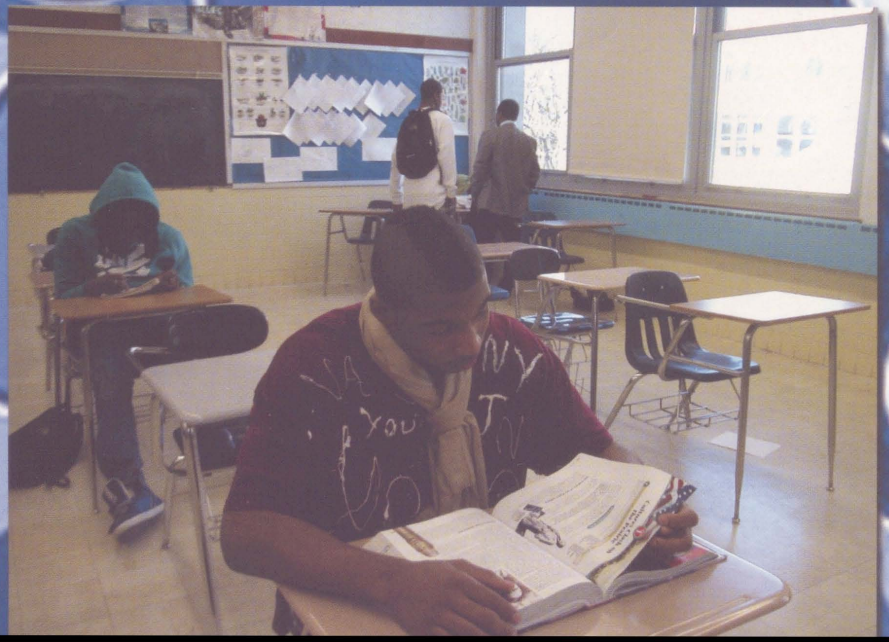

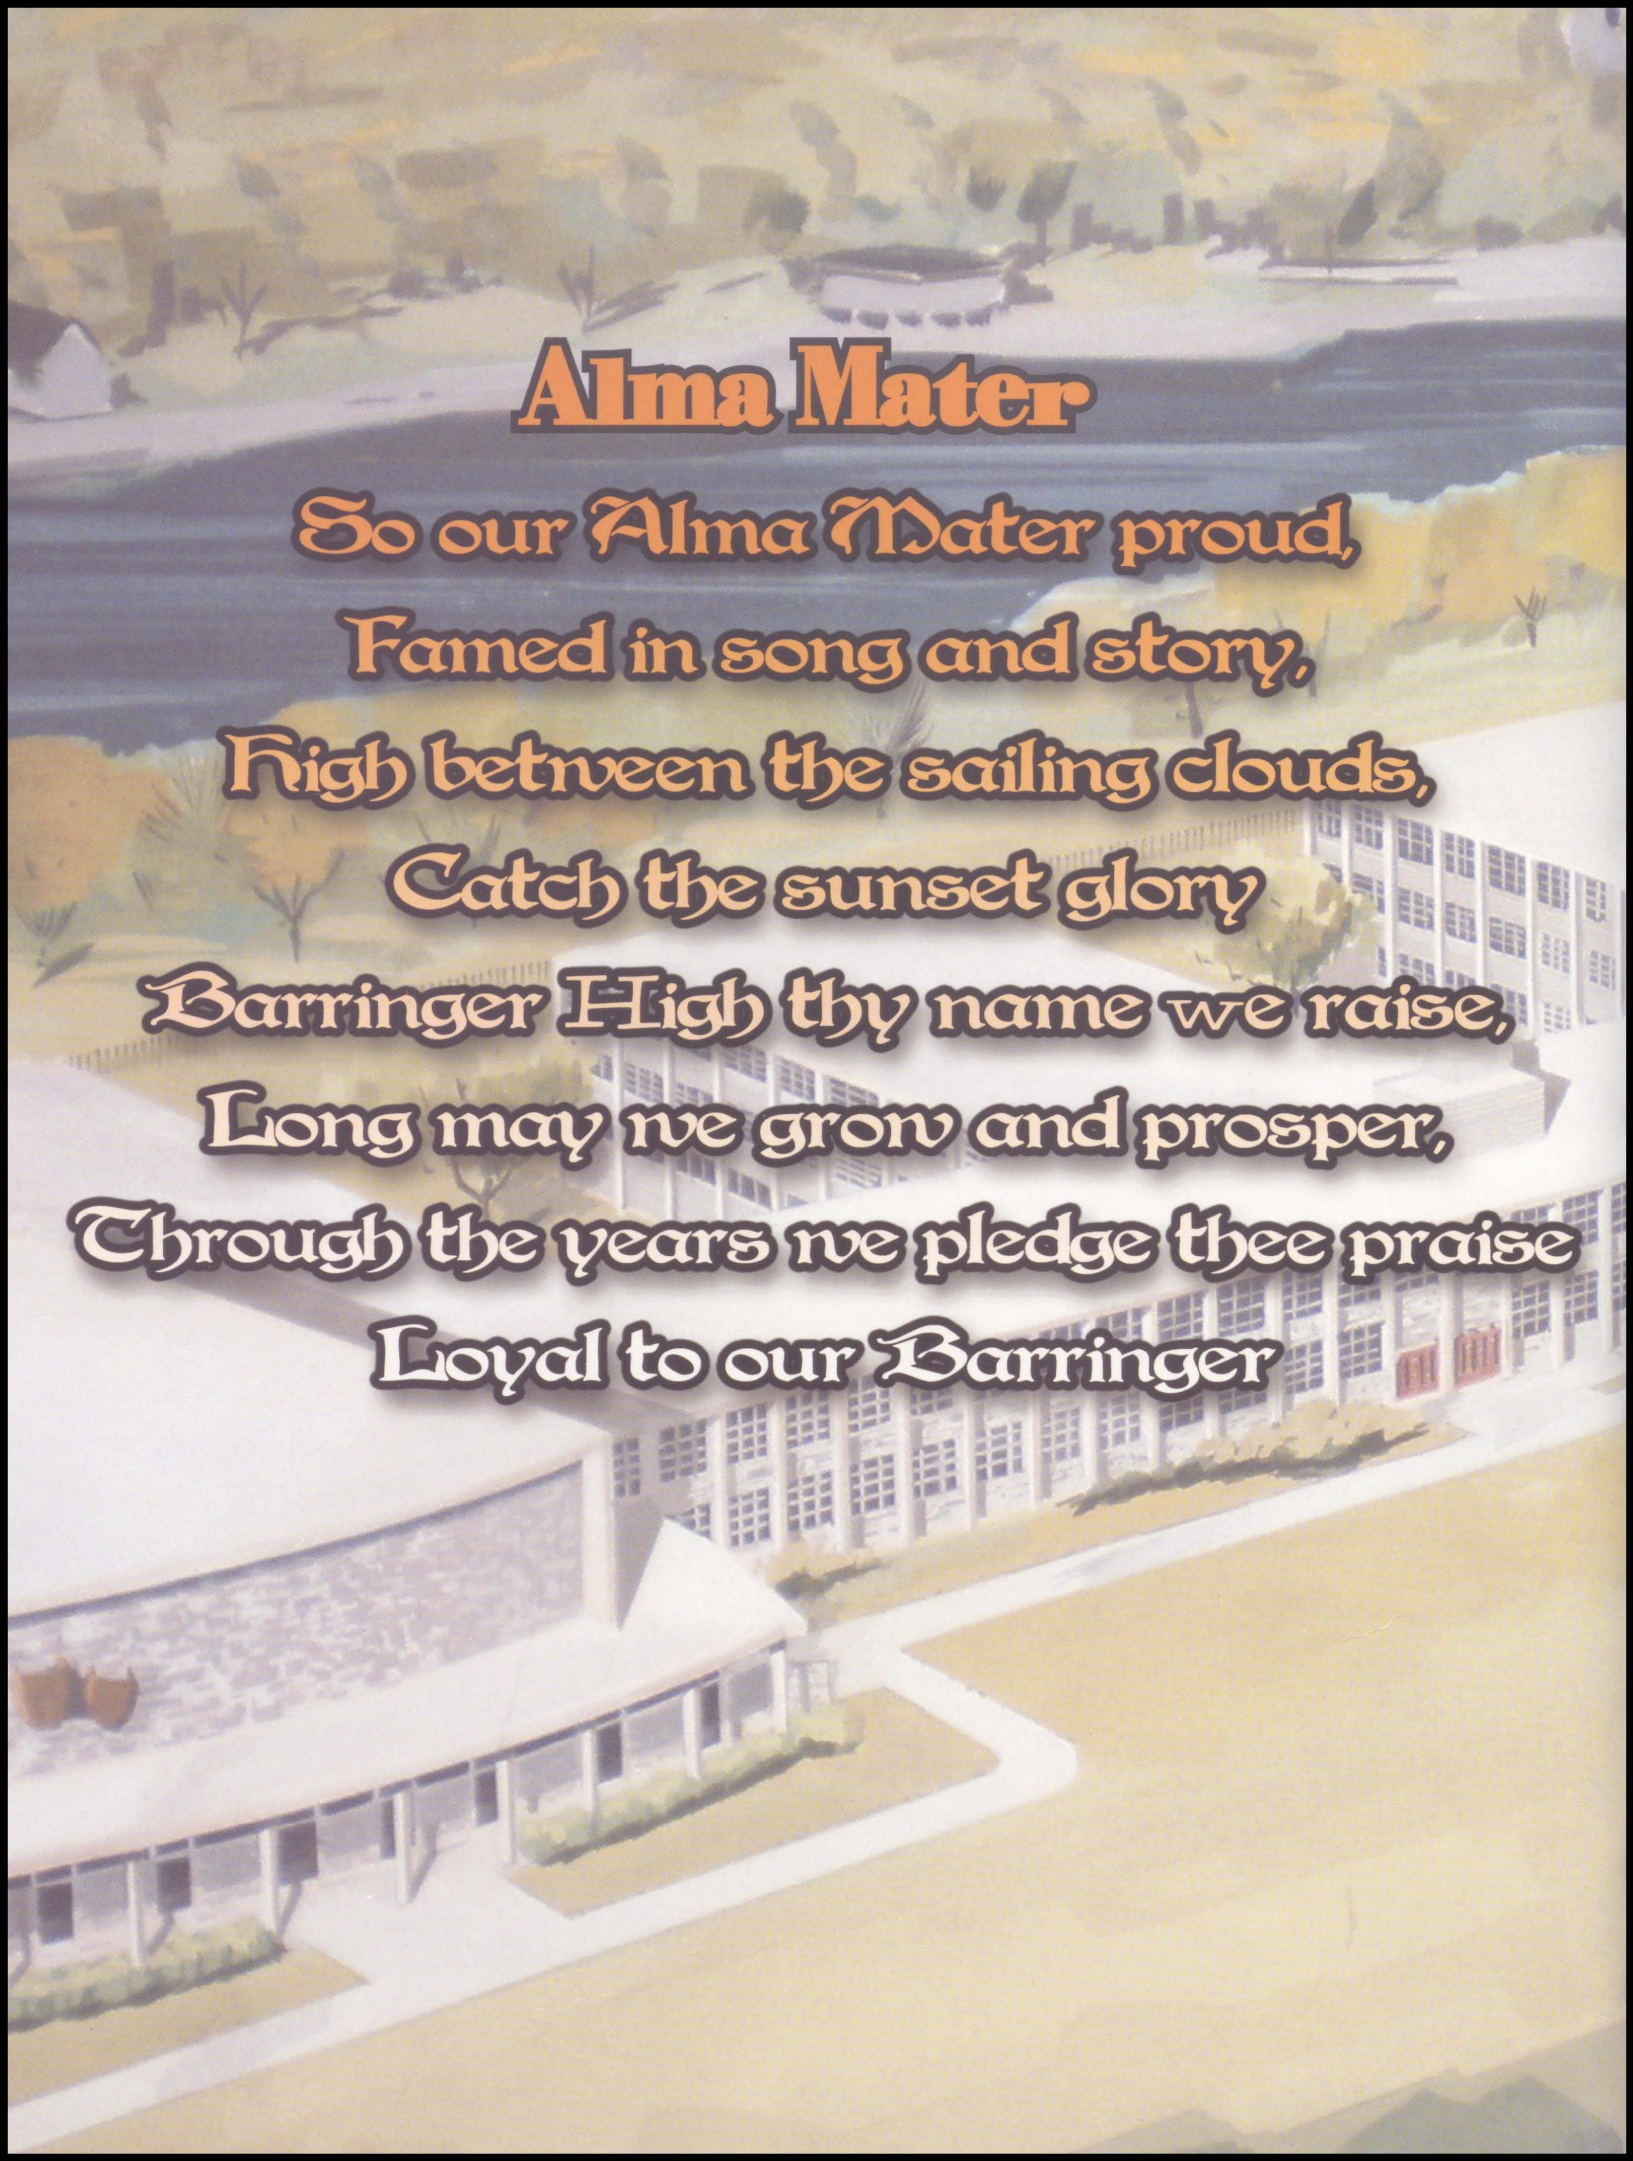

Ideals are like stars; you will not succeed in touching them with your hands. But like the seafaring man on the desert of waters, you choose them as your guides, and by following them you will reach your destiny.

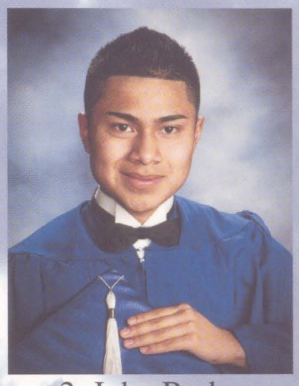

YOU HAD TO BE THERE

Alma Mater
So our Alma Mater proud,
Famed in song and story,
High between the sailing clouds,
Catch the sunset glory
Barringer High thy name we raise,
Long may we grow and prosper,
Through the years we pledge thee praise
Loyal to our Barringer

Retirees

The staff members retiring this year will forever be remembered. They have done their jobs, and it is now their time to move on to a different stage in their lives. Through all the struggles and difficulties encountered in the classroom, they sustained their positive attitude toward helping us achieve our potential in our education. As a group, they have put in many hundreds of years to help possitively affect the youth of Barringer.

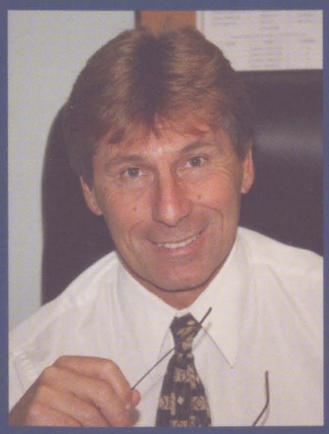

The class of 2010 wants to wish them all the best of luck in retirement and to thank them for the many years of tireless service they have given to Barringer students. Everyone of the retirees will forever be a part of the Barringer family.

Forty Years as Yearbook Advisor

"You know, you should consider being an English teacher," said Ms. Clara Grey, my 11th. grade English teacher, as she handed me back my book report. Of course, I thought at the time, that was not the profession for me. And so here I am realizing that this year, my last year of teaching, I will have been connected to Barringer High School for 49 years. Four years as a student, and 45 as an art teacher. In fact, Barringer is the only school in which I have ever taught.

I started teaching at this school the year after the doors of the new building were opened, and when the old Barringer, the one that I attended, was buried beneath the current parking lot. I have worked under 11 different principals, each wielding their visions and ideas on the direction that our school would be heading. Each era the school was affected by the changes in the local neighborhood, whims of the Newark Board of Education, and finally, dictations from the various education directors from the state of New Jersey.

As a young teacher in the late 1960's, during the Newark riots, I witnessed the disruptions in the city spill over into Barringer. The school was riddled with numerous false fire alarms so that intruders could enter the school and fuel daily disruptions. The fights would begin in the cafeteria when black and white students would gather in separate areas of the cafeteria. Soon the chairs would fly and some students and teachers bolted from the room. Not much instruction in the classrooms was conducted during those difficult times, as packs of students and intruders would inhabit the school hallways until the police interrupted the incursions.

When I started teaching at Barringer, I was asked by the head coach of the wrestling team to be his junior varsity coach. Since I had wrestled in college, I had some experience and agreed to his request. Then in 1969, an English teacher asked me if I would co-advise the Athenaeum yearbook with him. After much reflection, I decided to give up coaching for designing yearbooks. However, when the English teacher left Barringer in 1970 I became the sole yearbook advisor.

This year marks my 40th year as the faculty advisor to the Athenaeum yearbook, and 25 years as advisor to the Acropolis News, the school newspaper. I have worked with 40 different yearbook staffs sometimes numbering as many as 20 students and as little as 2 students. Each staff had ideas and a character of their own. During these years, I often had to be a teacher, problem solver, mentor, referee, an arbitrator, father and friend.

In the beginning, before computers and digital photography, I was always hands on as an advisor. I often completed some of the work myself. But later I learned how to allow students to complete the yearbook pages. I learned how to be an advisor.

In 1986, I realized that in 2 years the school would be 150 years old, so I began researching the history of Barringer High School. In 1988, I completed the work and had the complete story printed in the 1988 yearbook. During this exploration I learned much about Barringer's rich history and the famous alumni that passed through our hallways. Someday I would like to come back to Barringer and update the school's history.

I believe the most significant year of my high school experience was when I was a freshman at Barringer. I had failed 2 classes and was in with the wrong crowd. One day while playing baseball I slid into home and shattered my leg. So, for the next 5 months I was bound in a full leg plaster cast and I was not able to attend school. As I lay there in bed, waiting for my leg to mend, I had time to consider my life. I realized that at school I was heading in the wrong direction and was determined to change.

When I was finally able to return to school I was motivated to raise my grade point average, and so for the next 3 years I attended summer school to make up the courses I had missed while waiting for my leg to heal. This experience taught me that all individuals have the capability to turn their life around.

Each year of my teaching career, this concept is what I have attempted to instill in my students: to be successful in life you must make the best of the hand that life deals you. I am hoping that each and everyone of you in the class of 2010 finds a place in this world, and when you feel down and out that you will remember this, you have the strength within yourself to overcome any obstacle in your path. And finally, always be proud that you are a graduate of Barringer High School.

Girls Volleyball

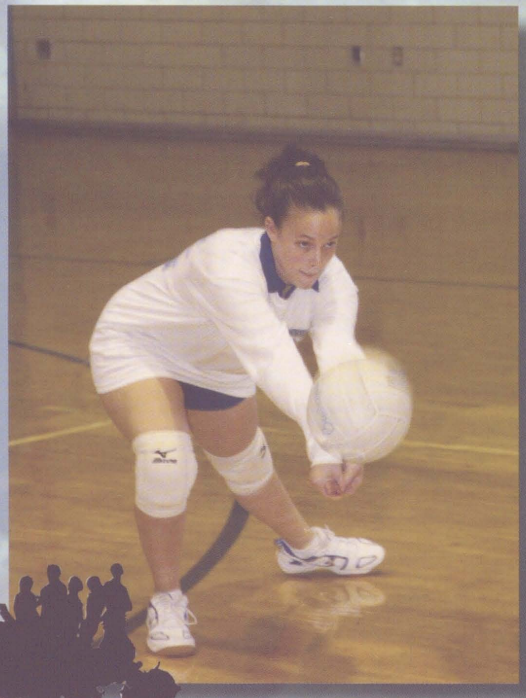

Volleyball isn't an easy sport, but the girls volleyball team was energetic in all their movements. They jolted through the opposing receivers. Strong and intimidating, they spiked their opponents with ferocity. The players used their quick reflexes and all ball handling skills to make this a successful season. This is a team sport where each person's contribution counts, be it bumping for a spike, scoring the winning point or simply keeping the ball in the air long enough to get it back over the net.

Cross Country

The Cross Country team was really committed to capturing the prize this year. They put effort and talent into the circuit. To be part of the Cross Country team you have to demonstrate endurance as a competitor. Training on flat and rough surfaces is necessary to prepare runners for the big races. The team has been excellent this year.

Baseball

"Barringer started the season with a 2-1 record. They remained competitive for the remainder of the season, going against some of the best teams in the state," said Coach Morhen.

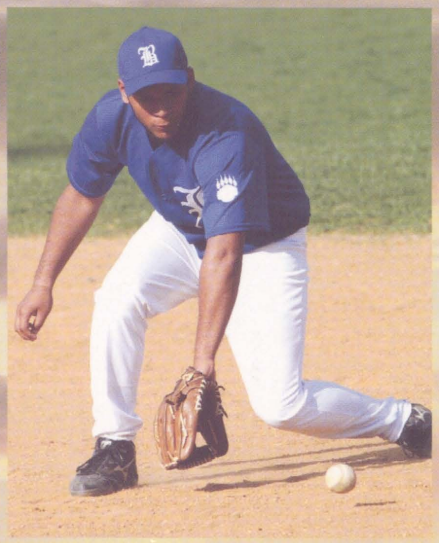

Some of the best players brought the team to a better place making a big difference in the league this year by wining the important games. Certainly, coach Mohren brought up some of the freshman players in order to build his program and prepare them for the next season. Barringer High School Baseball team improved from last year by developing theirskill and power to hit the baseball. They focused in running as well as hitting. Along with other players, catcher Pablo Marrero used his skill and experience to help make this a most successful season.

Right, Erick Geronimo back hands a ground ball to begin a double play.

Before every game the players put together their "paws" to show unification as a team.

SENIORS

Seniors provided leadership and set the example for the younger players on the Blue Bears team.

Co-captain Giancarlos Chacaltana played a superb first base all season, making awesome plays every time he had the ball. Co-captain, Hosvanddy Marine, the ace of the pitching staff, gave the Blue Bears a chance to win every time he started a game.

Co-Captian Cristian Negron, the team leader on and off the field kept the team morale up and provided stability at third base.

The future of the Barringer squad will be in the hands of rookie players, Rey Perez, Patrick Ozuna, Francisco Ramos, and Isiaih Leguisamon.

Tennis

Barringer High School Tennis Team. From left to right: Ashlee Hall, Ebony Hanes, Shanice Bowers, April Malcon, Emily Gonzalez, and Coach Eugene Igwe. Knelling: Elidez Sanchez.

This year Barringer High School Tennis team improved greatly from previous years winning matches and growing in skill. Staying true to the Blue Bear spirit the tennis team acquired a knowledge of leadership and sportsmanship while developing a love for the game.

Tennis can be played against another individual or it can be played in groups of four (doubles). Learning how to serve, refining the back hand, as well as the fore hand and working the lob were the components of tennis that the team practiced,

Every home game was played at the Branch Brook Park tennis field. The tennis team fought hard and even though they were not successful, they kept their hopes up.

"We had a good team this year. We were determined to do better than last year, and so we worked hard and improved a lot," said Emily Gonzalez.

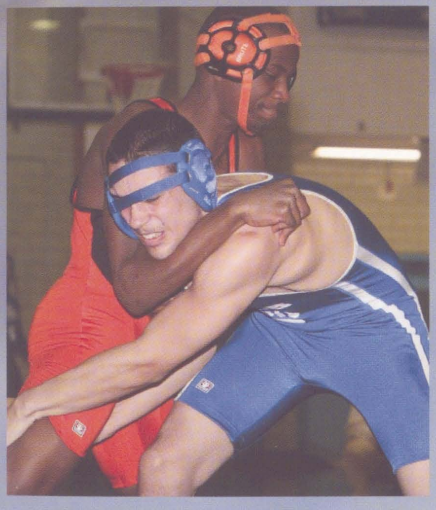

Wrestling

Bottom: Daniel Ruiz, Richy Lopez, Cristian Munoz, Julio Ruiz, Nelson Mendez, Juan Merced. Middle: Andre Fuller, Anthony Hernandez, Enrique Arroyo, Michael Puca, Andrew Ramos, Carlos Mendez.

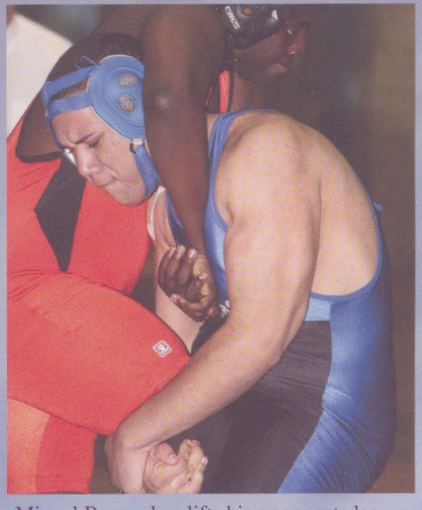

The Barringer High School Wrestling Team was brilliant this year. They achieved a successful winning season by overwhelming the competition especially in the important matches. They were City Champions, first in their tourmament and undefeated at home. The squad used knowledge of moves, speed and endurance to overwhelm the competition. Making weight was an important component for each team member. Each wrestler showed the tough spirit that their coaches impressed on them.

Bowling

The Barringer Bowling team confronted their biggest opponents with grit and determination. Although the schedule was surrounded with the strongest opponents, the members were excited as well as focused in their matches.

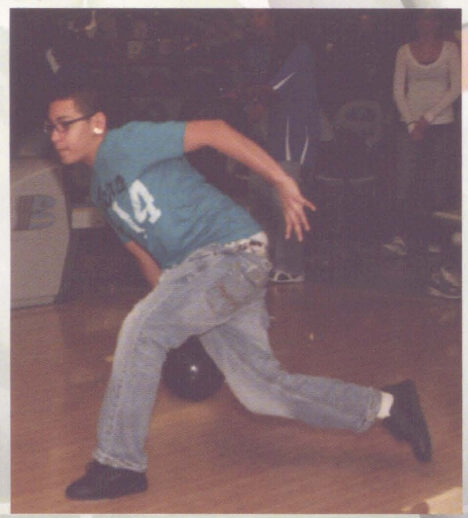

"There was a lack of competition experience, as all but three bowlers were new players," said coach Ed Tylutki. Although Kevin Palhinha was a new bowler this year he was also a team player. Team captains Kevin Palhinha and Christopher Sanchez lead the team. The Barringer Bowling Team has great prospects for next year with the hope that more underclassmen will join the team.

Track provides students with the opportunity to become involved in a unique after school activity. The track team competes with other city and county schools while developing a sense of school pride and sportsmanship.

Track is an activity in which you relax your body and open your mind. It also helps the runner set certain goals, which he or she uses to exercise their body and mind.

The outdoor track team developed endurance by training every day. The team ran both distance and short sprints to prepare them for the many competitions they would endure.

SENIORS

Franklin Cruz, Klever Salas, Jose Barraza, John Rodas, Ian Grados, and Tyrone Grados were the seniors that lead the team to the victory on the field this year.

Wilson Remache shoots the ball to make a goal.

Soccer is a passionate game that forces players to stay in shape. The game consists of two teams with eleven players. The goal is to kick the ball into a net-like target. This year the barringer soccer team had the most successful season in many years. With a team record of 13 wins and only 7 loses, the soccer squad led their division. Jose Barraza was one of the outstanding players as well as John "Johncito", Klever, Francisco, Franklin, Steven "Colombia", Ian, and Emmnuel. These soccer players were the spark plugs and the most valuable players on the field. Jose Barraza, John Rodas, and Ian Grados, were the team captains who spearheaded the attacks on goal.

John Rodas shoots the ball with power to the middle on a pass to a BHS player.

After he sweeps around a defender, Danny Valentin passes the ball to a teamate.

Gyamfi Kwaku sends the ball into the opposing side of the field.

Softball

The Barringer Softball Team was outstanding this year. The team represented Barringer with a group of players who were determined to complete a winning season. Certainly, the team record demonstrated that they dominated the competition. They employed a combination of offense and defense to overwhelm their opponents.

As coach Powers stated, they did a "great job" this year. Some of the difficult competitors this year were East Side and Science but Barringer High School defeated them both. Captain, Yevette West was the one the most productive players on the team. She worked with the rest of the team to bring success to our school.

Girls Basketball

To be on the Barringer High School girls basketball team requires a player to utilize many skills. This year the girls team won important games against strong opponents. They were awesome as they played with smart techniques and strategies.

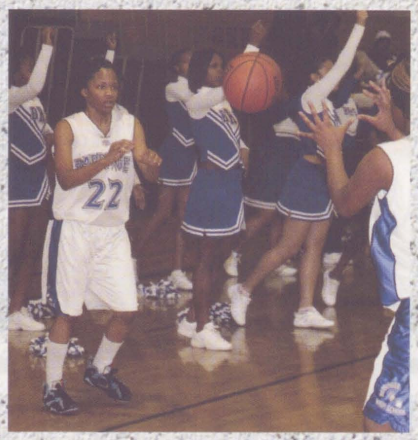

The support from the fans was always there as the girls put all their minds into the game so they could be victorious. Now that the seniors have moved on, the new young team of intelligent, and skillful girls will take their place. Next year the basketball record will be better.

The Barringer boys basketball team had an excellent season this year. The boys overcame all the difficult challenges that they encountered, and ended the season with a record of 15 wins and 10 losses, a marked improvement from last season when the team had 5 wins and 20 losses. The varsity was ranked in the top ten for Essex County at various points during the season. In the recently formed Super Essex Conference, Barringer finished 3rd, third in the eight team Colonial Division with a record of 9-5. The team had a 6 game winning streak, the most since 2000. The 15 wins along with the qualifying for the state tournament was the most in several years.

Boys Volleyball

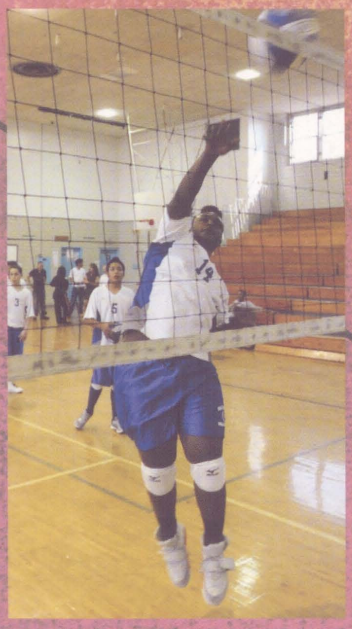

Barringer High School Boys Volleyball team fought hard this year using their agility and skill. They volleyed serves and spiked many opposing hits at their opponent.

Aided by their captain the team kept in high hopes through every match. Strength and power kept them moving forward as a team. Their combined effort allowed them to come out on top.

The BHS Gym, the home of the Blue Bears, was the scenario in which the volleyball players consistently outplayed their opponents. The seniors will be missed, but the undergratuates will take up the slack.

Future Teachers of America

Isaiah Pulliam, Thomas Downing, April Malcom, Mrs. Coppola, Michael Serrano, Amir Muhammad, Eric Rivera, Cristian Negron

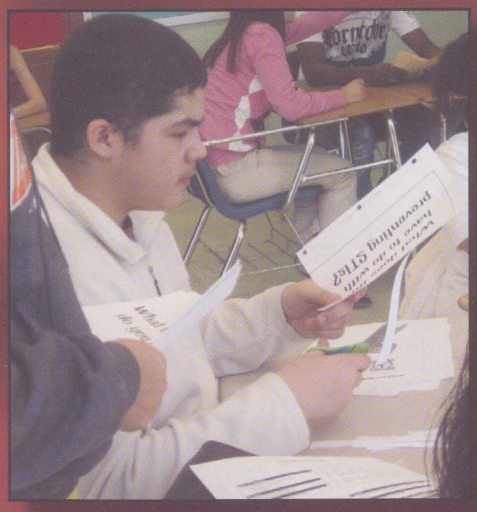

The Future Teachers Club of Barringer High School introduces students to the field of education. It mentors students about being a teacher. It gives them the opportunity to see what it is like to teach and/or tutor students. This activity also provides assistance when applying to college and choosing the major in the field of education. A noticeable activity they organized was the Amazing Race, which was held during one of the pep-rallies this year.

Front Row: Thalia Torres, Zenobia Vereen, Maya Sherman, Claudia Lunha, Athene Denny, Katina McCain.
Back Row: Karolyn Morales, Jennifer Santiago, Isaac Zamor, Rakee Merritt, Nelson Price, Amir Fairley & Advisor Mr.David Richardson

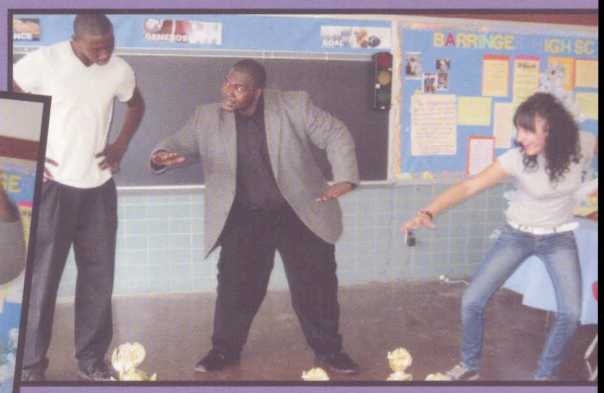

Speech/Drama club is a place where members choose creative dramatic pieces and then they interpret them their own style of expression. Participants in this club get to practice their pieces with advisor Mr. David Richardson, until they are comfortable enough to compete against other schools. It is a place where you are able to open up and be yourself. There are 9 different areas of competition: acting-dramatic interpretation, humerous interpretation, poetry, prose duo interpretation, original oratory, declamatory speaking, impromtu speaking, and extemporaneous speaking. Each week, students from all over the country compete at high schools where 6-8 trophies are awarded in each category.

Amir Fairley rehearses his poetry piece.

This club is filled with energy!

Mr. Richarson instructs his students.

Robotics

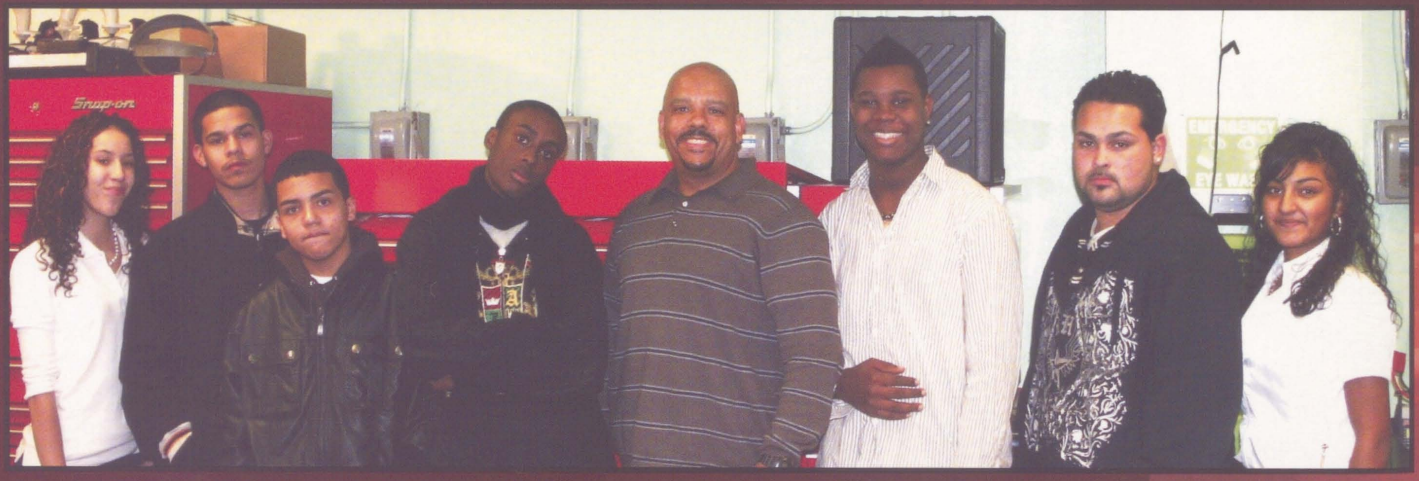

The Robotics Club consists of a group of students who are interested in mechanics. One of their activities is a competition called U.S First Challenge. Members have six weeks to design, build, test a robot. They then send it to compete against hundreds of other teams in tedious and difficult events. The club works together to construct robots that are imaginative as well as capable.

PATHWAYS TO COLLEGE

Ms. Materan, Dani Ramos, Carlos Ferreira, Mr. Puerta, Ms. Fuentes, Diana Opoku, Albertine Kengne, Ashley Hall, Gregory Prince, Ferle Gelin, Carlos Alvarez, Ms. Puzzo

Pathways To College is an activity that helps students make decisions about their future and life after high school. It is also an activity that encourages students to explore options about college and helps students to go through the college application process. Students who participate in this activity are able to visit different schools and work to receive scholarships.

ART CLUB

The art club is an activity offered to students who have an interest in art. Participants are able to gain further knowledge about different art skills and techniques. It is a place where the student's art skills can be improved. Students in the club are able to express themselves and use their imaginations to create beautiful works of art.

The Art Club gathers around a table to finish a project.

Ms. Alamo advises a student on how to complete her painting.

Escarlyn uses a special form of oil pastel to color her art work.

Archives

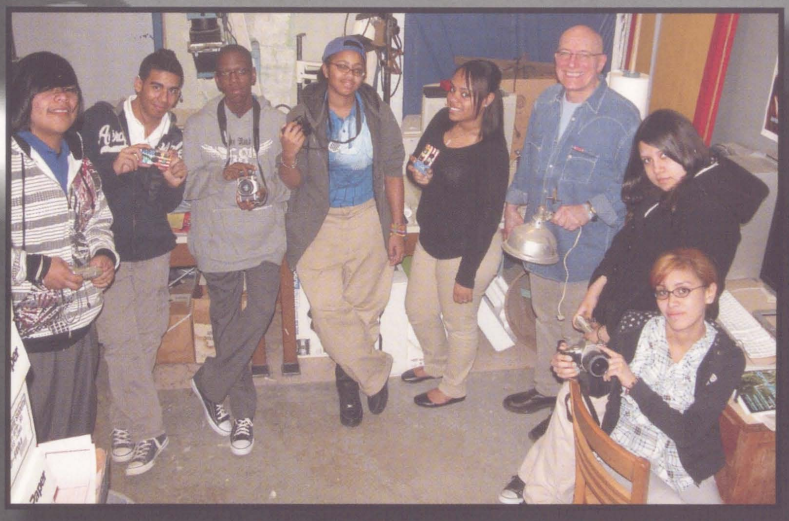

Martha Rios, Dennise Alfaro, Shanise Bowers, Michael Serrano, David Lopez, Thomas Downing, Carlos Camacho, Emily Gonzalez.

Archives History Club keeps track of historical memorabilia that has been compiled through the years. They organize and catalog documents Barringer has gathered since 1854. The items that have been collected consist of historic papers, paintings, and old issues of newspapers, yearbooks, and other handwritten journals. Archives are what help preserve Barringer's earliest and even most forgotten memories so they can be cherished over and over again.

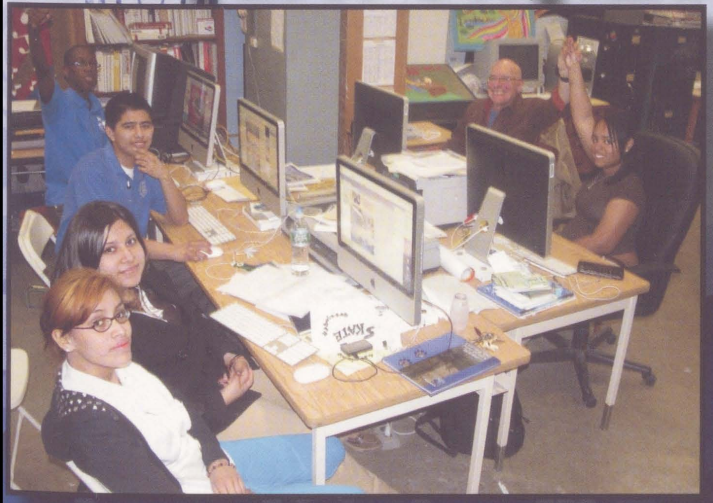

Photography

Photography is an important tool in the field of fine arts, merchandising, journalism, advertising, television, publishing, and computer graphics. Students with cameras are often seen walking in the school hallways, photographing events that have taken place at school. They learn skills and useful techniques on how to use digital cameras. Thanks to the supportive guidance of advisor Mr. Di Gerlando, the school photographers have been able to snapshot and capture candid emotions of both students and faculty throughout the entire school year.

David Lopez, Michael Serrano, Thomas downing, Nathalia Best, Angelica Terrero, Mr. Di Gerlando, Dennise Alfaro, Martha Rios

Computer Graphics

Thomas Downing, Carlos Camacho, Dennise Alfaro, Martha Rios, Mr. Di Gerlando, Angelica Terrero

Thanks to today's advances in technology, the Computer Graphics club has been a big success. When we turn on our television sets, or go to the movies, we see theses advances translated into moving images. This club was created with the intention of showing students how important computers are in their daily lives, and demonstrating how images can be manipulated using sophisticated software. Students who participate in this club also learn how to prepare and produce images for publication.

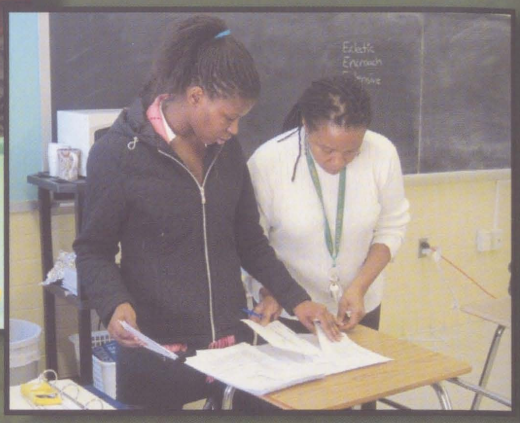

School Based Youth Program

An advisor helps students to better understand the material they might not comprehend.

School based Youth Program is also a place for students to relax from the daily stress of school work.

Advisor Ms. Odetta helps students fill out college applications, giving students that extra nudge.

The school Based Youth Services Program (SBYSP) provides ongoing assistance to Barringer's students. The members participate in lunchtime activities as well as after school programs. SBYSP takes students on college tours and field trips. SBYSP provides students with the opportunity to gain knowledge that helps them make positive, healthy, and safe life choices.

Advisors are always available to assist students, who arrive daily, with whatever help they need.

Skate Club

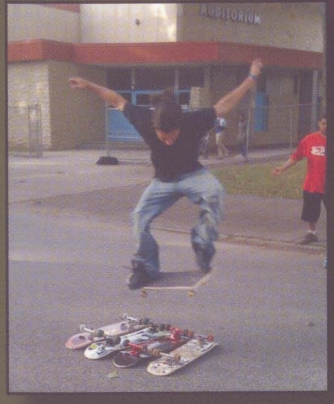

Romele Ellis, Advisor Ms. Santos, Jose Rosado, Richard Malaga, Yassira Medina, Esteban Trujillo, Hector Rivera, Advisor Ms. Sanchez, Wilbert Tubens, Christopher Sanchez, wChristopher Cleveland, Christian Rodriguez

Ms. Sanchez smiles for the camera.

Barringer High School's new skate club allows experienced and non-experienced skaters to participate in a unique school club. Not only do they enjoy this sport but also gain their much needed community service.

Students are taught skating tricks in a unique way. Whether it's enhancing their current skill or learning new ones.

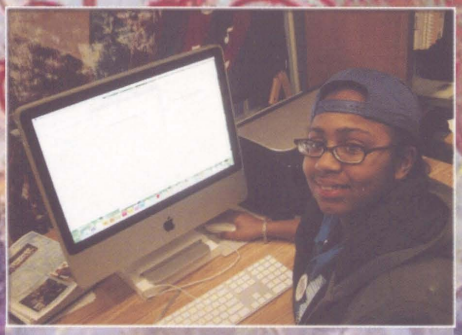

Athenaeum All Stars

YEARBOOK STAFF

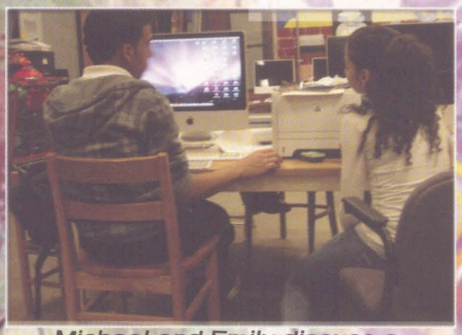

After many long hours, and much concentration on writing and layout, the 2010 Athenaeum yearbook staff was able to produce another unique book. It wasn't easy, but with a team effort it was possible. The staff attempted to give a synopsis of the year's events using intelligence and creativity. Even with all of their hard work the staff was able to have many good times. It has been a great and successful year.

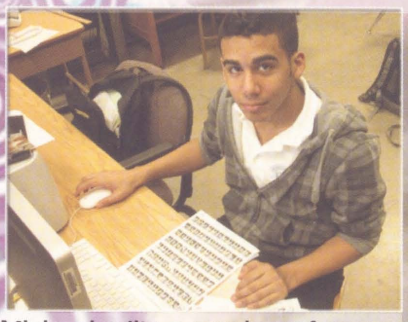

Carlos Camacho, Emily Gonzalez, Dennise Alfaro, Angelica Terrero, Mr. Di Gerlando, Martha Rios, Michael Serrano

Acropolis News

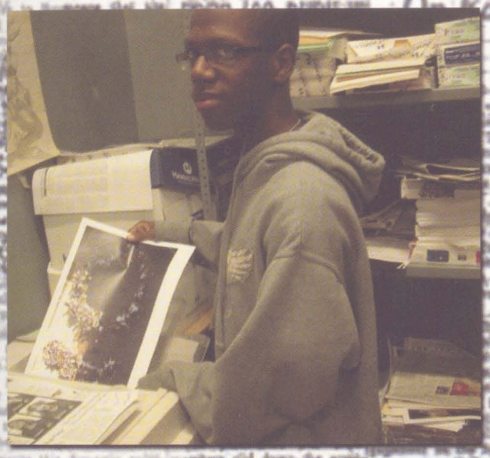

"All the News That's Fit to Print"

LATE CITY EDITION

The Acropolis Newspaper consisted of intelligent and insightful writers this year. They worked deligently to create stories that would capture our readers. They made sure their stories stood out in the minds of Barringer students. They would like to thank you all that contributed to the newspaper this year helping them have a successful year!

Advisor, Mr. DiGerlando, Michael Serrano, Angelica Terrero, Dennise Alfaro, Emily Gonzalez, Thomas Downing, Carlos Camacho, Nathalia Best, David Lopez

Apart from the Marching Band this year, Barringer has also introduced the Jazz Band. It gives experienced and non-experienced musicians the opportunity to learn about Jazz, which is a genre of music many students may not know much about. Jazz Band is another activity that is bringing music and pride back to Barringer.

Drummer Muntasir adds an extra kick to the Jazz Band.

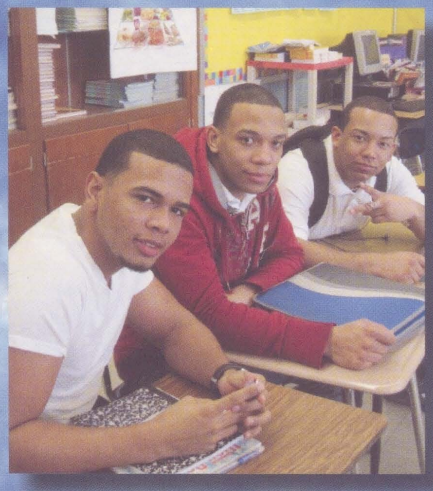

Pianist Rakee performs a musical piece on the piano.

Mr. Sneed conducts the Jazz band for a fluent rhythm.

WHO WEARS WHAT?

In the 2009-2010 school year, the uniform policy was enforced. The students at Barringer found different and unique ways to accessorize their uniform. While some followed the policy, others found it difficult to make the change. Since trends change through the years, many will want to look back and see how the students of Barringer did it. These are some of the many different ways the uniform was worn.

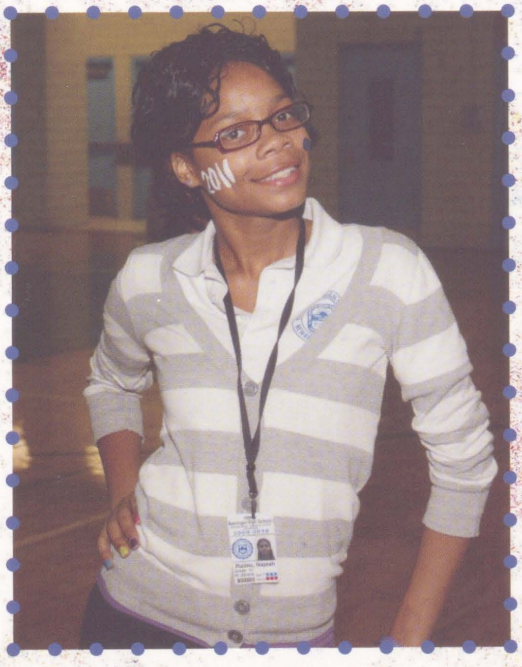

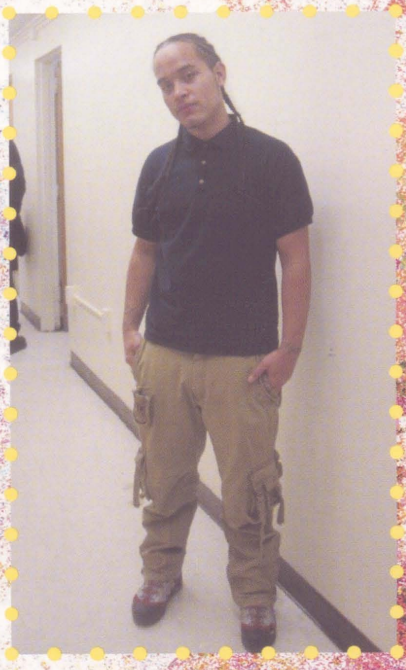

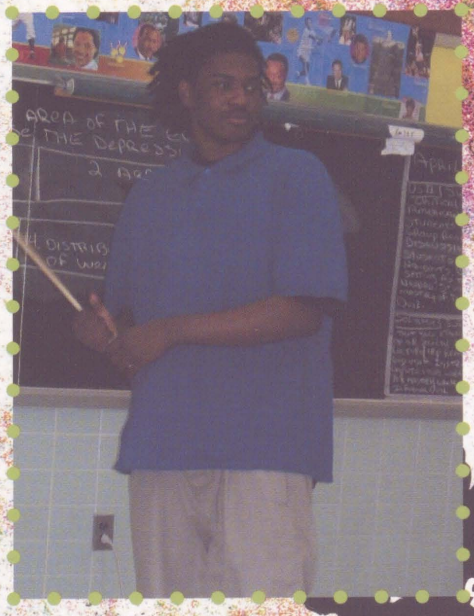

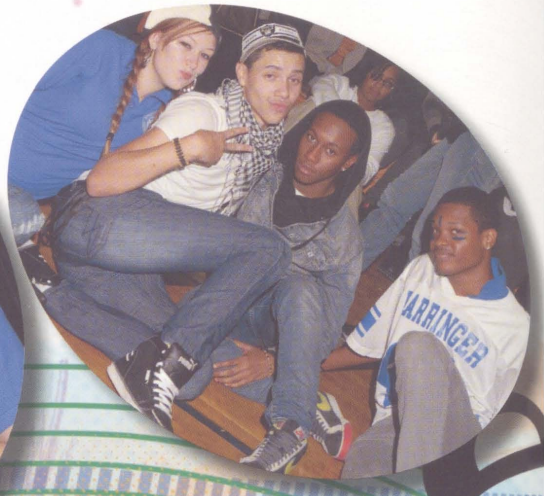

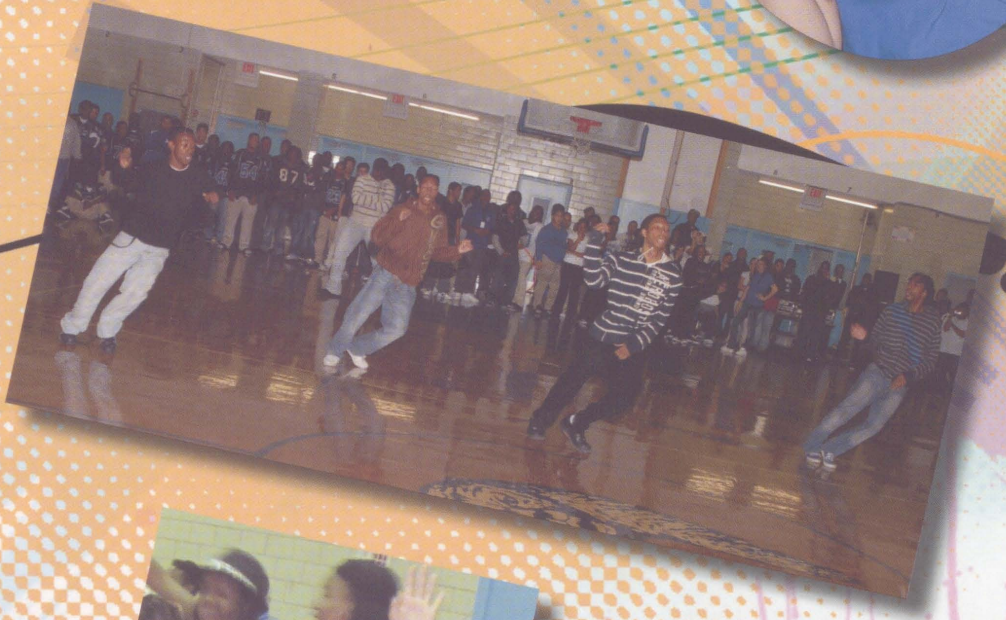

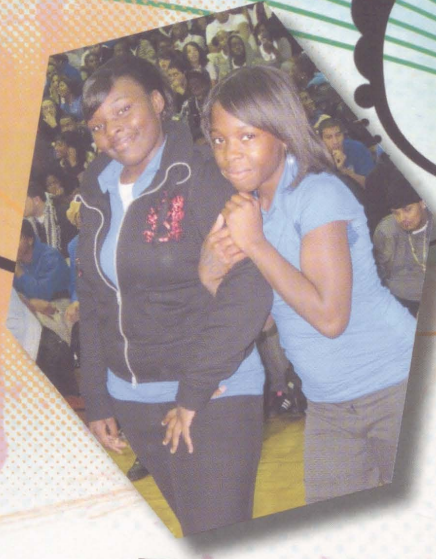

Pep Rally

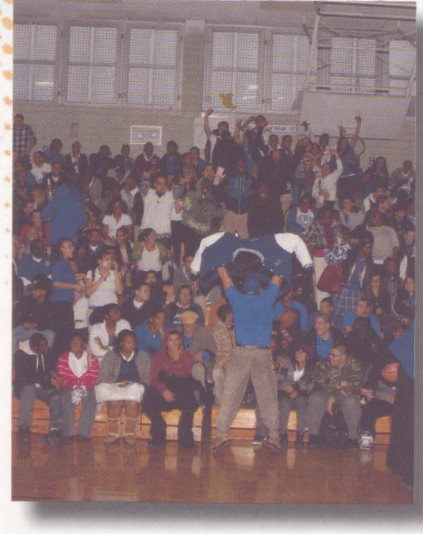

Spirit Week

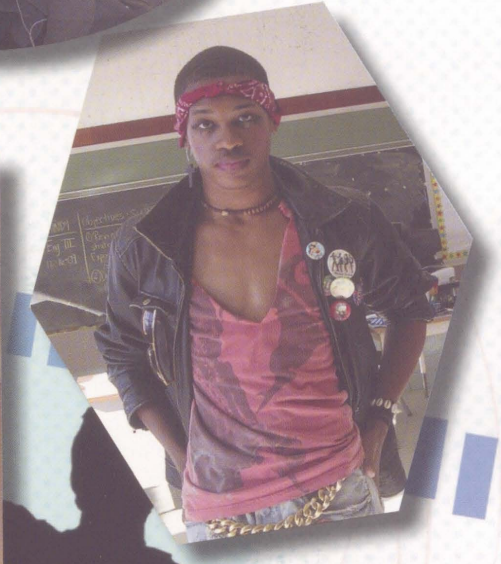

Barringer students got an opportunity to show our school pride by supporting Pep Rallies on two occasions, Oct. 23rd. and Dec. 23rd.

We also had a successful Spirit Week from December 14th -19th. Spirit Week consisted of days entitled: Geeky Erkle day, Pajama day, 80's Day, Crazy Socks Day, and on that Friday, the Pep Rally. The week was full of music, dancing, cheering, and of course Blue Bear Pride!

Mr. Frank Schapitil
Teacher, Coach ... Friend

In August 2009 Frank Schapitil developed an infection that affected his central nervous system, which caused him to become paralyzed. Frank was forced to retire in January 2010 and he is on the road to recovery.

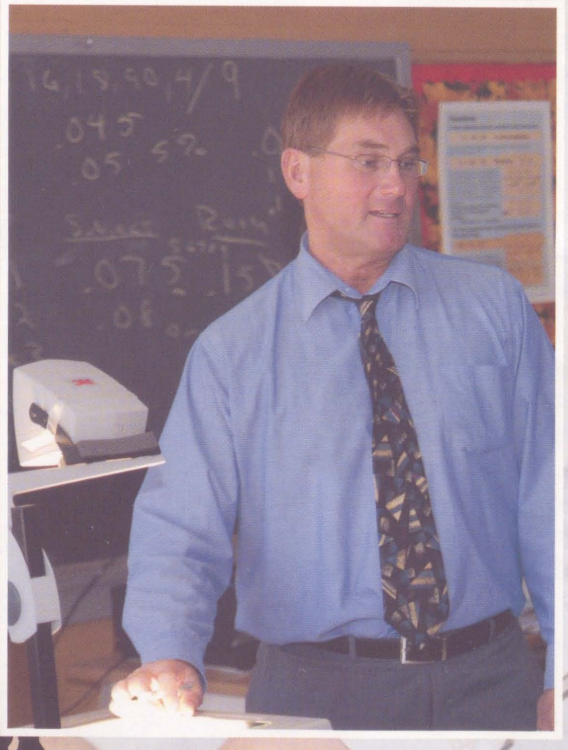

Mr. Schapitil has been teaching special education for a total of 30 years, 12 of those years at Barringer. He did a tremendous job in and out of the classroom. He coached football, basketball, softball and track. Mr. Schapitil took the girl's basketball team to the sectional finals.

He always had his students' best interests in mind in anything he did with them. He was especially dedicated to his math students.

Mr. Schapitil's focus was on helping students achieve the very best they could. He was the kind of adult that is needed in a school because he always encouraged students to do their very best to complete their high school education.

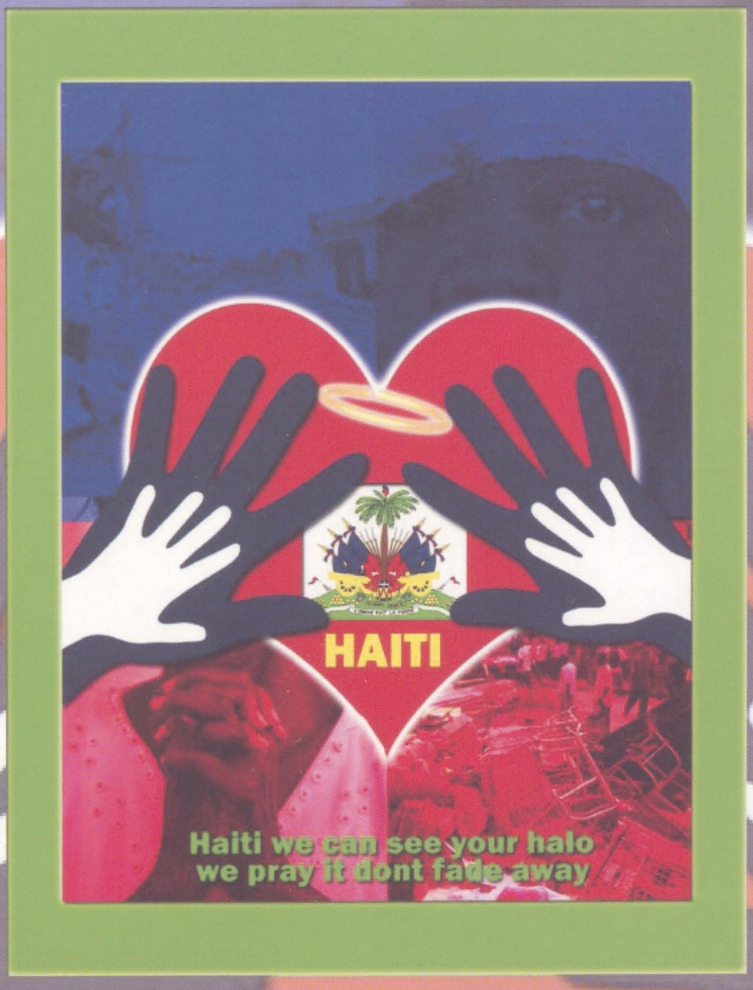

He was a role model to his students. Mr. Schapitil dedicated his life to making his students understand that maintaining a positive attitude in what ever circumstances they encountered was most important.

When people in Haiti awoke on the Morning of January 12, 2010, they weren't expecting such a nightmare to occur that afternoon. The earthquake struck at 4:53 pm leaving between 217,000 and 230,000 people dead, about 300,000 injured, and close to 1,000,000 people homeless. Still death toll is expected to rise. The United State Geological Survey, or USGS, called it the strongest earthquake in Haiti since 1770. On January 23rd, government called off the search for survivors.

Columbus discovered Haiti in 1492. It is slightly smaller than Maryland and it has a population of nearly 10,000,000 people. It's the poorest country in the western hemisphere. 80% of the population in Haiti is living under the poverty line and most of the people live on less than two dollars a day.

This earthquake wasn't Haiti's first major natural disaster. In 1963 Hurricane Flora hit Haiti. It killed over 8,000 people making it the 6th most deadly hurricane ever. Hurricane Gordon hit in 1994 killing over 1,000 Haitians.

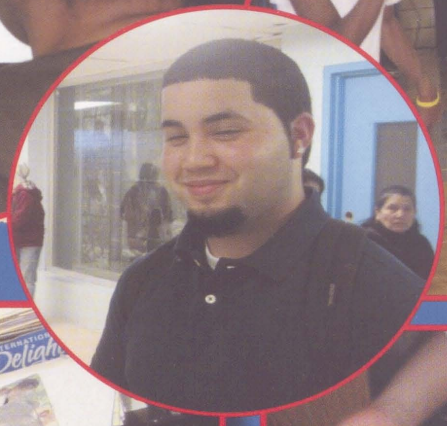

On January 12, 2010 Hell struck Haiti. It's had the world praying for them. So many were willing to help by sending anything they can over there. The Red-Cross dispatched a relief team from Geneva and the UN World Food Program flew in two planes with emergency food. Its devastating to think how many people were left homeless, missing, hurt, and dead. A country that didn't have much lost the little they did have. Prayers go out to them and everyone who has family there.

Yearbook Was More Than Just Work!

This has been my third year working on the yearbook staff as well as my last and thank God and Kika too that it's over. This experience is one that I won't soon forget because while it was the most stressful experience that I would never go through again; it was also the most fun. The people I shared this experience with made this a positive and fun one.

Word to all the nerds that watch Big Bird take turds but that absurd cuz haven't you heard the bird is the word! What WHAT!

Editor-in-Chief , Mike Diddy

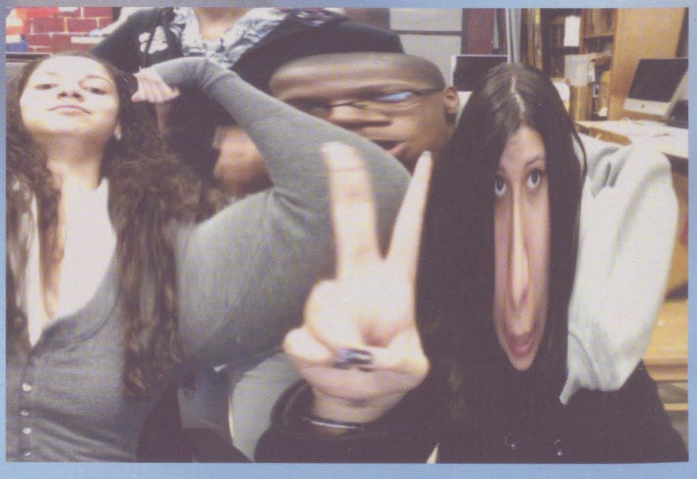

Yearbook was an unforgettable experience in a bitter-sweet kind of way. I've met friends who I'll never forget and am glad to work with. I'm glad this book is done; it was very hectic to work on. Despite the work, I've learned some things, such as Marfa being a great singer; Memily liking Henny con cranberry; Mike is a cool bean (What! What!); Kika's cool tattoo; Carlos last name; Sneamo's sweetness; and Thomas' last name.

Joining yearbook was never something in my plans for high school. Yet it's an experience I wouldn't trade for the world. The friends I made, the memories I gained, and all the hard work it took, is unexplainable. I thank Mr. D for spending so much time and putting so much effort into making the yearbook for the class of 2010 one that is truly amazing. I'm glad for being part of making this yearbook possible! Get out of town!

Kick – uh :D

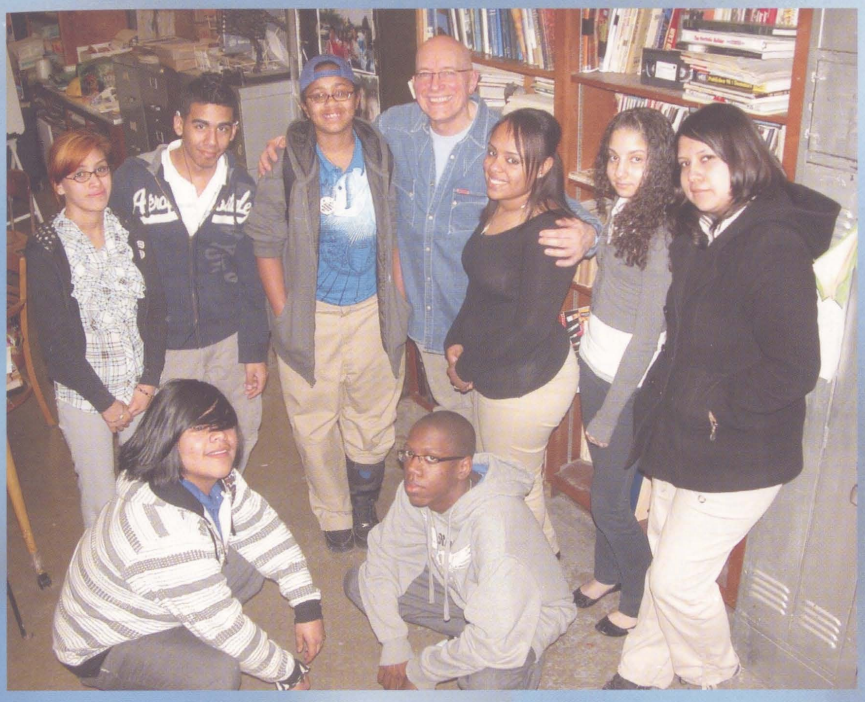

When I joined yearbook I did not know what it was about. I came here and I saw many unknown faces. In reality, this was one of my first unplanned experiences. At first it felt like I was exploring a new world at school. I met new friends that I will miss when they graduate because I spent so much time with them. I wish peace, love, and God's help to be with you seniors and make the right decisions in your life.

As a senior heading towards graduating with the class of 2010, I always wanted to join an extracurricular activity but never thought yearbook would be one. Joining yearbook is something I will never regret because it was a fun experience. Even though I joined later than the rest and had to finish earlier than I expected, I'm always helping out when my help is needed. The yearbook is not as easy as it sounds, so I want to thank Mr. D for taking his time to make the yearbook of the class of 2010 perfect. I'm going to miss everybody.

Being in yearbook has been a great experience. Even though it took a lot of hard work and some stressful moments it's been fun (full of many funny and random moments). It has definitely been worth it. I will never regret joining and getting to know you guys. I know i'll miss you guys and never forget any of you! =D

Yearbook was a great experience. There was some old faces that we already knew, and there were also some new faces we had a pleasure meeting. Who really knew yearbook would be so much fun!! We know for a fact we will remember each and everyone of these people here for the rest of our lives. Good luck to all us seniors in the future.

Martha Rios, Thomas Downing, David Lopez

I had a great time working with the staff of the Acropolis newspaper and Athenaeum Yearbook these last three years. Working as Editor in Chief of this year's newspaper was a great experience too. I'm a little sad to leave, and more sad to know that when I come to visit Mr. Di Gerlando he will no longer be here at Barringer. Being one of the last students that he works with is a huge honor and I will never forget it. I loved to come to school everyday just to go to room 104. It was my home way from home. It was also the place where I spent most of my time with my two best friends Thomas and David. They will always be my Epic Fail buddies.

The time for the class of 2010 to say their goodbyes has finally arrived. The memories that were so remarkable end with, "You had to be there."

Getting through these four years has been a strenuous journey, and along this voyage we have overcome many obstacles. Withstanding all these hardships we triumphed, and rose to the top. Now that we have graduated it is time to reflect on our future. We have completed high school and have moved on to the next stage of our lives.

Throughout our time in high school we experienced many changes. The year was kicked off with Dr. Aviles enforcing the uniform policy. Suddenly, a sea of blue and white pride was seen in the halls and classrooms, as all but a few students donned their uniforms. This tide of blue and white pride extended into the spirit of our students. We had struggled throughout the years with attempts to elevate school pride, and finally, this year we all felt it. Other successful events followed such as pep-rallies, spirit week, and the fun of event parties.

Our sports also saw great success this year. The wrestling team became the city champs, colonial division champs, and never lost a home game. The soccer and basketball, and girl's baseball team achieved outstanding records this Spring.

A great part of Barringer's tradition was also revived this year. The newly formed Marching Band brought heart pounding sounds to the school once again. It made us proud to say that the band was back and is here to stay.

As we reflect on our great success throughout the years, it is time to thank the people who have helped make this happen, and show them gratitude for all that they have done. We would not have made it as far as we have without the support of the people who helped make our success possible. The wonderful faculty and staff were always there when we needed someone to shore us up. Our moms and pops were behind us when we needed a shoulder to lean on.

Finally, we will miss ambling through the halls of Barringer, stopping at our lockers before class, spending time with our best friends and waving to our favorite teachers. Each and every person we befriended at Barringer will be missed dearly. But then there will never be another class at Barringer like the class of 2010. You just had to be there.
